	Total	33

ABOUT THE DEGREE PROGRAM: MASTER OF EDUCATION IN CURRICULUM AND INSTRUCTION

The **Master of Education in Curriculum and Instruction: Instructional Technology** program is designed for students interested in working as instructional technologists, multimedia instructional designers, curriculum developers, elearning specialists, or technology coaches.

ABOUT THE COLLEGE: COLLEGE OF EDUCATION

One of the top colleges of education in the country, the **USF College of Education** is committed to preparing the next generation of educators, scholars and educational leaders for pre-kindergarten through 12th grade and higher education through undergraduate and graduate degree programs.

CAREER OPPORTUNITIES

Graduates of this program can expect to find work in industry, K-12 schools or higher education, designing online courses and technology-integrated learning environments.

According to the *U.S. Employment and Training Administration*, instructional technology jobs are increasing at a rate of 14-20 percent in Florida through 2024. That's twice the national average for all jobs. USF's unique and flexible program is designed to maximize employment opportunities for its students by providing them with the skills to succeed in a wide-range of sectors beyond education including business and government.
