Welcome to Drew University!

Drew University puts you on the path to academic discovery, professional success and personal fulfillment. Consistently recognized as one of the top liberal arts universities in the country, Drew offers more than 50 fields of undergraduate study in the natural sciences, social sciences, humanities and the arts. Located less than an hour from New York City, our beautiful wooded campus in Madison, New Jersey, strikes the perfect balance between a small-school environment and big-world experience.

Home to more than 1,400 undergraduates, Drew attracts students from across the US and more than 50 countries. Our liberal arts approach provides a well-rounded education that emphasizes broad knowledge of the wider world. You'll explore a variety of subjects and develop essential skills that build the foundation for lifelong learning.

The hands-on, highly personalized interaction between students and professors is a cornerstone of the Drew community. Our rigorous yet nurturing environment will encourage you to passionately pursue your curiosities in and out of the classroom.

One of Drew's defining qualities is the extent to which students, faculty, staff and alumni engage with the world beyond campus. As one of the first colleges in the country to introduce semester-long, off-campus study programs, practical learning opportunities have been a vital part of the Drew undergraduate experience since the 1960s. Today, our students continue to apply knowledge in an active and purposeful way, through volunteer work, professional internships and on-campus research.

While Drew graduates go on to become leaders in their fields, success at Drew is defined by more than a degree. It is about developing critical thinkers and effective communicators that contribute to the advancement of a global community.

We invite you to be part of the world that Drew University is working to create.

“Your rigorous education at Drew University, shaped by unique learning experiences in the larger world, will develop the skills to prepare you for any challenge. We hope you will join our family and discover why Drew is an extraordinary place to live and learn.”

MaryAnn Baenninger, PhD

▲ New York City's Times Square is a short train ride from Drew's picturesque campus in Madison, NJ.

#24

Most livable small town in the US
(Livability 2015)

Where You Learn

Madison, New Jersey, offers the best of both worlds—the comforts of small-town living with the benefits of big city adventure. Just 47 minutes by train from midtown Manhattan, you'll have convenient access to all the action of New York City and a safe, peaceful campus to call home.

Drew Puts You at the Center of Everything

- Located in Madison, New Jersey—a safe, charming town of 16,000
- Just a short walk from campus to beautiful, historic downtown Madison
- One-hour drive to skiing in the Pocono Mountains or sitting on the beach overlooking the Atlantic Ocean
- 20 minutes from Newark-Liberty International Airport
- Hundreds of Fortune 500 companies in the surrounding area
- Easy access to the East Coast corridor including Boston, Philadelphia and Washington, DC

Excitement and Opportunity Await You in New York City

- Attend one of Drew's semester-long programs in New York City: United Nations, Wall Street, contemporary art, communications and media, social entrepreneurship, and theatre. See page 13 for more information.
- Explore iconic American landmarks like the Empire State Building, the Statue of Liberty and Times Square.
- Go shopping on Fifth Avenue or see a Broadway show.
- Get an internship at one of the world's leading companies such as Goldman Sachs, MTV, Pfizer or Ralph Lauren.

Drew University

As one of the country's leading liberal arts universities, Drew attracts students from all over the US and more than 50 countries. From its unique, practical learning programs to the personal relationships with professors, the deep-rooted culture of collaboration and engagement with the greater community is clear from the day you step on campus.

By studying with INTO, you are a Drew University student from day one. Enjoy full access to state-of-the-art university facilities and Drew's comprehensive support services.

About Drew University

Take full advantage of Drew's classic liberal arts education and real-world learning experiences. As a Drew student, you will be able to participate in our one-of-a-kind programs in New York City—at the United Nations, on Wall Street, in the contemporary art scene or in the media capital of the world. If you are interested in science, you'll have exceptional opportunities for advanced research in Drew's Summer Science Institute and the RISE program. No matter what you study, you will graduate with the skills that 21st century employers want.

Find out more about Drew at drew.edu

Full-time Professors Dedicated to Mentoring Students

One of the defining characteristics of a liberal arts education is the commitment of faculty to teaching undergraduates.

One hundred percent of our faculty teach undergraduates and none of our courses are taught by teaching assistants. Every Drew student benefits from this commitment.

Personal Collaborative Relationships

Full-time faculty do more than teach undergraduates: they mentor, advise, debate, challenge and inspire them. Drew's professors care—about you and your learning.

World-class Faculty

Drew's faculty are not only passionate teachers, they are distinguished scholars who earned PhDs from the world's most prestigious institutions including:

- Harvard
- Princeton
- MIT
- Columbia
- Yale

74%

of CEOs say a liberal arts education prepares graduates for 21st century success

Your Liberal Arts Advantage

Our liberal arts curriculum provides you with a well-rounded education. You will take classes in science, the arts and humanities no matter your major, exposing you to new ideas and new ways of thinking.

Student-driven Learning

At Drew, we do liberal arts a bit differently. We focus on helping you become a well-rounded individual. We prepare you for a lifetime of great career experiences in an ever-changing world. Flexible programs, close relationships with professors, small class sizes and hands-on experiences are how we will help you take full advantage of your American liberal arts education.

Flexibility

A liberal arts education gives you the freedom to choose your courses. You can declare double-majors and double-minors in more than 50 fields. Our approach to education gives you the freedom to define your education.

Small Class Sizes

Our student-to-faculty ratio is 10:1, so the focus is always on you. Professors have time to work with you one-on-one and make sure you understand the material. At Drew, we know more than your name, we work to know your goals and we are committed to help you reach them.

Your Professors Care

Our professors are teachers first. Nearly 95% of our faculty have earned the highest degree in their field from prestigious universities and more than 60% from global top 50-ranked universities. Need a letter of recommendation? Your letter from a professor you have been doing research with since your first year at Drew will speak volumes to employers and graduate programs. Access to faculty is unparalleled at Drew. Our professors choose to spend their careers here because of their passion for teaching and mentoring undergraduate students like you.

Take Learning Outside the Classroom

We believe that learning doesn't just take place in the classroom. With practical training in the workplace, exceptional internship opportunities and special off-campus programs, we turn learning into an experience.

Try one of our Semesters in New York City, where you learn directly from the people working in your desired industry. Conduct research in our one-of-a-kind RISE program, which puts you in the research lab with leaders in drug development, telecommunications and even a Nobel Prize winner. Join one of our Short TREC programs, where you can learn more about business in Italy or marine biology in Belize.

Each Drew student completes at least one out-of-classroom experience before graduation.

"I know a lot of my friends do not know what degree they want to pursue just yet. Liberal arts at Drew allows you to dabble in a few different subjects and make an informed decision on what you would like to do, without losing any time toward graduation."

▲ Students on the Wall Street Semester meet with representatives from the NASDAQ, Goldman Sachs, BNY Mellon and others

Semesters in New York City

Our New York Semesters are your ticket into some of the city's most high-powered spaces. You earn academic credit and make connections—at the United Nations, on Wall Street, in the world of contemporary art and the media capital of the world.

Semester on Wall Street

During this semester we take you to the center of the global financial markets. Visit companies and meet with executives who play major roles in shaping the world's economy while learning how they accomplish their work. In the last five years, students who participated in the Wall Street Semester have gone to work for firms like BNY Mellon, JP Morgan, Goldman Sachs and Tesla. Once you finish the program, you will have a strong understanding of how markets work and where your place in it may be once you graduate. In this semester you will visit:

- Investment firms including Goldman Sachs, BNY Mellon, JP Morgan and Merrill Lynch
- Hedge funds like Spring Mountain Capital and BlackRock Advisors
- Stock Exchanges like NASDAQ and the New York Stock Exchange
- Regulatory agencies including the US Securities and Exchange Commission

Semester at the United Nations

Spend time on the ground floor of global politics. Interview diplomats, learn about the inner workings of the UN and discuss the issues reshaping the international community on a daily basis. Drew's status as a non-governmental organization offers you unparalleled access. In this semester you will visit:

- The General Assembly
- UN Security Council meetings
- International ambassadors and delegates
- Non-governmental organizations like the Red Cross, Human Rights Watch and World Vision

Semester on Contemporary Art

Get involved in the New York contemporary art scene for an entire semester. One day, you're sitting in an up-and-coming artist's Brooklyn studio, discussing how nature inspires you. The next, you're at the Metropolitan Museum of Art, debating political meaning of a Kandinsky work. While this program is required for all art and art history majors, it's open to all Drew students. In this semester you will visit:

- Museums such as MoMA, The Guggenheim and The Whitney Museum of American Art
- Artist studios
- Curators and gallery owners
- Art dealers and brokers

Semester on Communications and Media

New York City is the media and communications capital of the world. We take you to learn from professionals who shape our interconnected world. From TriBeCa to the Upper East Side neighborhoods, firms both big and small come up with creative ways to provide ideas, information and stories that shape our culture. These messages help create identities and personalities for their companies, organizations and products. In this semester you will visit:

- Public relations firms like Global Strategy Group, Peppercomm, Edelman and Ruder Finn
- Advertising agencies
- Broadcast companies like CBS, ABC and NBC
- Publishing firms
- Print media outlets like *The New York Times* and *Time Magazine*

Available in 2017:

Semester on Social Entrepreneurship

You will visit foundations, government offices and non-profit organizations to examine their role in addressing social problems, such as inequality, poverty, conflict, environmental damage and rights abuses and work with a non-profit partner to address a challenge that institution is facing.

New York Theatre Program

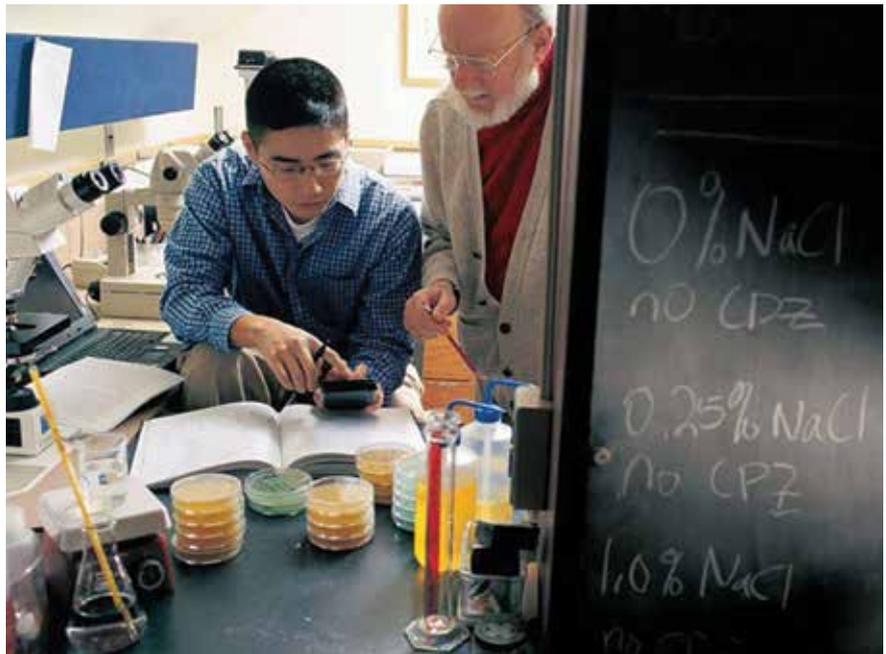

This year-long program partners you with a professional theatre company that will help you create an original performance to premiere in New York City. You'll attend Broadway and Off-Broadway shows and conduct research and work with professional mentors to develop an original theatre piece. Open to majors and minors in the theatre and dance department.

“When I came to Drew I was really interested in doing scientific research. Drew’s RISE program and Summer Science Institute allowed me to get into a research lab with actual scientists. This hands-on approach will look great on my application to medical school.”

Vanessa Bagambe, Uganda
Biochemistry and Molecular Biology, Class of 2018

▼ 2015 Nobel Prize winner and RISE fellow Dr. William Campbell and Manuel Gabriel, now an oncological surgeon

Science Opportunities at Drew

One of the most important things for science majors is research. With no graduate students in science disciplines, Drew offers unparalleled research opportunities for our undergraduates.

RISE Program

New Jersey is the home of major drug development laboratories and AT&T's research division. The Charles A. Dana Research Institute for Scientists Emeriti offers undergraduates the unique opportunity to engage in research under the supervision of retired industrial scientists. Working with RISE Fellows puts you in the lab with the professional scientific community while still an undergraduate, an experience typically reserved for postgraduates.

RISE also gives you experience with analytic equipment you'll use on the job, from liquid chromatography and cyclotrons to high-field nuclear magnetic resonance spectrometry.

RISE is unique: no other school has such a program.

Research with Nobel Prize Winner

RISE Fellow Associate Dr. William Campbell received the 2015 Nobel Prize in Medicine for discovering a drug that treats parasitic diseases. Campbell has taught as a RISE Fellow for 20 years.

Pre-Med, Your Path to Medical School

By leveraging a strong background in liberal arts with an emphasis on science, social science and humanities courses, we provide you with unmatched opportunities for research and clinical internships that are essential for admission to medical school.

Pre-med students receive custom support, including advising from both an academic advisor who is a professor in your chosen major and a pre-med advisor who is a member of the National Association of Advisors for Health Professions.

Research with Faculty

Interested in something your professor is researching? Just ask, and a world of possibilities will open. Drew faculty conduct research on a wide range of important issues, including bacterial pathogenesis, evolution in polluted lakes, primate communication, the molecular biology of cancer, international health care, forest integrity, physiology, Alzheimer's disease, HIV/AIDS and more.

Drew Summer Science Institute

The DSSI pairs you with faculty mentors for an intensive, personal experience working full time on a research project. Each summer, approximately 15 students participate in this six-week program, which provides opportunities to pursue real-world scientific questions and establish professional relationships with faculty at research universities and local industries. Each student receives on-campus housing, a budget for laboratory supplies and a weekly stipend throughout the duration of the program.

Morristown Medical Center

Our mentor program with nearby Morristown Medical Center is a work-study semester that allows you to shadow emergency room physicians. You will witness first-hand what it takes to be a doctor and gain valuable experience before applying to a medical program.

Outcomes for Science Majors

You can find Drew alumni working for top research companies or earning their graduate degrees at top universities. 2014-15 Drew graduates can be found at:

Universities:

- Columbia University
- Princeton University
- Stanford University
- New York University
- Penn State University
- Boston University
- Duke University

Companies:

- Novartis
- Pfizer
- LabCorp
- Mount Sinai Hospital
- Samsung
- BASF (chemical company)
- Memorial Sloan Kettering Cancer Center

24/7

Personalized support services

Access to all university facilities,
including the athletic center,
library and on-campus events

INTO Drew University

INTO Drew University is your first step toward academic success in the US. Our innovative Pathway and English language programs, outstanding faculty, facilities and support services ease your transition to US life and prepare you for the demands of a rigorous undergraduate education.

In addition to university resources, INTO Drew University delivers a wide range of personalized services to ensure you are safe, supported and successful in your academic and personal goals.

One-on-one Coaching

You will meet with a member of our Student Services team during your first week of classes to set your academic goals for the semester. From time management and organization skills to test preparation techniques, our academic coaches work with you on an ongoing basis to develop individualized methods to maximize your success.

Family Friendship Program

This opt-in program for Pathway and direct admit students gives our international students the unique opportunity to build friendships and experience cultural exchange with a local family. Families meet with their international student several times each semester to share meals, holiday celebrations and the experience of American family life in Madison and the surrounding area.

Conversation Partners

This 10-week program helps students develop cross-cultural awareness by exchanging ideas, stories and traditions with honor students from a different background in an informal setting. One-on-one and small group conversations are available for all INTO students.

International Ambassador Peer Mentor Program

International Ambassadors are current domestic and international students who use their own experiences to guide first year international students at Drew. These ambassadors remain peer mentors for our Pathway and Academic English students throughout the year.

LAUNCH into a Successful Career

Through our LAUNCH program, you will develop a strong portfolio of job skills that will help you acquire internships and work opportunities after graduation. Learn to write a strong resume, build a professional network and get help securing valuable experience through internships.

Baldwin Honors Tutoring Program

Pathway students pair with a dedicated tutor from the Drew Baldwin Honors program whom they meet regularly throughout the semester. Tutoring focuses on building language skills through academic course content and navigating American academic culture.

On-campus Jobs

INTO Drew offers part-time positions to help you develop necessary skills to be successful in the workplace, bolster your résumé and earn some extra spending money.

Chinese Language and Cultural Advisor

Our CLCA plays a pivotal role in supporting students from mainland China, Hong Kong and Taiwan. Our advisor helps students understand American academic expectations, provides guidance and counseling, facilitates communications between students and faculty and helps students integrate into Drew's social and cultural scene.

24-hour On-site Support

It's two in the morning and you need help? Not a problem! With a student services professional living in the first-year residence hall, you have a friend right next door at all times.

More than 90% of Pathway students matriculated to Drew University in 2016

For more information, visit:
www.intostudy.com/drew

Undergraduate Admissions

Students can choose from more than 50 academic programs to study. Drew offers three different ways for international students to earn their bachelor's degree: direct entry, Pathway programs and English language programs.

Direct Entry

Drew offers direct admission to international students who have completed a high school diploma and have strong English language comprehension. If you do not meet these requirements, we encourage you to apply to our Pathway or Academic English programs. Full entry requirements are on page 21.

Pathway Programs

We have designed our International Year One Undergraduate Pathway programs to help you move successfully through the first two years of your undergraduate degree at Drew. We provide you with extra support both in and out of the classroom. Learn more about Pathway programs on pages 22-26.

Academic English Program

Drew's Academic English program will help you improve your English and prepare you to begin your university studies. Once you have completed the required language level, you will be able to start your Pathway program or direct degree. Learn more about the Academic English program on page 30.

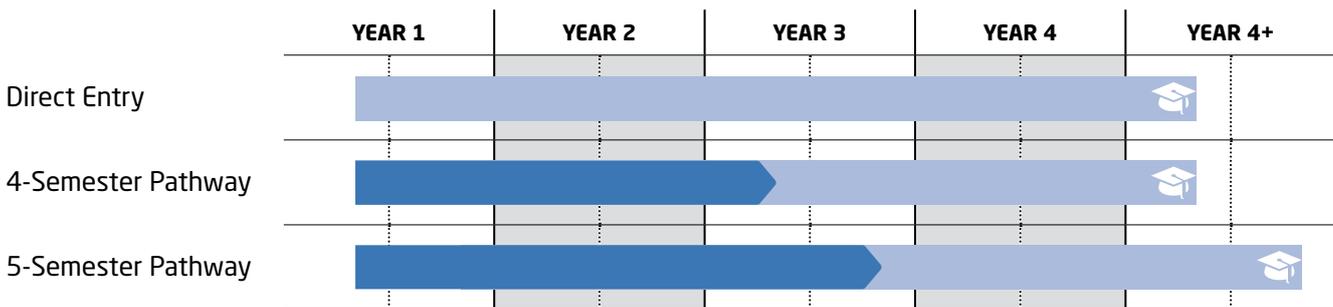

Sample Program Length

The chart below shows the approximate length of time our programs take to complete. In most cases, international students earn their degree in the same amount of time as domestic students.

Authorization Release

No matter what your admission path, if a family member or educational counselor is assisting with the completion of your application and you would like for Drew to communicate with them regarding your application, please make sure to submit the authorization release form with your supporting documents.

Sample Program Length

Zero

Classes taught by graduate assistants

Direct Entry

At Drew you'll find interactive classes where professors know you by name and you will acquire skills for success.

Drew offers more than 30 undergraduate majors and 20+ minors designed to help you combine your passion, strengths and skills into a career that will bring you both success and satisfaction.

If you're ready to join The Forest, take the next step and start your application.

Applying for admission is easy. You can even apply online. Once we have received your application, application fee and all required admission credentials, your file will be reviewed and you will receive notification of our admission decision.

How to Apply

- Review direct entry requirements (right column) to be sure you meet academic and English language requirements.
- Apply online: drew.edu/apply
- Upload transcripts from all secondary and post-secondary institutions attended.
- Test scores must be received directly from the official testing source and verified.
- Documents issued in languages other than English must be accompanied by a certified English translation.
- Submit a copy of your passport.

Credit-by-Exam

Drew recognizes the achievement of AP, IB and A Level scholars. Students may be eligible for advanced academic standing and scholarships and can receive transfer credits from the exams, courses or subjects taken.

Pathway Programs

Understand the Pathway Program

INTO Drew's International Year One Undergraduate Pathway program combines intensive language study, academic skills development and credit-bearing course work in an individualized program designed to move students successfully through the first two years of their four-year degree program in the US.

After successfully completing either the 4-Semester or 5-Semester Pathway program and meeting all entry requirements, students may progress to Drew. Pathway programs begin in both the fall and spring semesters. Some programs may require taking additional courses in the summer semester in order to complete the degree in four years.

Decide if the Program is Right for You

The Pathway program is for students who:

- Want to study for an undergraduate degree in the US
- Desire additional academic, language and cultural support in order to succeed during their first two years at a US university
- May need to improve English language skills
- May have lower GPAs than required of direct-entry students

Fully Integrated University Experience

Drew Pathway students take academic courses that count for their intended majors and other courses required for all students for graduation. The curriculum is customized based on students' curricular plans and skill level.

Program Benefits

Pathway students receive the highest level of support during their transition, making the program an ideal choice for international students who are driven to achieve high academic goals. Other benefits include:

- Upon successful completion of a Pathway program, students are guaranteed progression to a Drew undergraduate program
- A curriculum consisting of Drew credit-earning courses
- Full integration with domestic and international students
- Access to all Drew cultural events, athletic events and activities
- Classrooms and residential accommodations in the heart of campus
- Highest level of support for student success
- Three hours of individual tutoring per week per class taken
- Highly trained and experienced university instructors
- Academic advising throughout the program
- Academic coaching by professional staff to aid transition to American university life and expectations

Key Program Facts

Pathway Programs

- Arts
- Business
- Humanities and Social Sciences
- Sciences
- Pre-Engineering

Start Dates

- Fall: August 20, 2017
- Spring: January 10, 2018

Entry Requirements: 5-Semester Pathway

- High school diploma with in-country equivalent of 2.5 minimum GPA
- TOEFL 50 (10 minimum subscores) **or**
- IELTS 5.0 (4.5 minimum subscores) **or**
- PTEA 41 **or**
- Password overall Level 5

Entry Requirements: 4-Semester Pathway

- High school diploma with an in-country equivalent of 2.5 minimum GPA
- TOEFL 60 (11 minimum subscores) **or**
- IELTS 5.5 (5.0 minimum subscores) **or**
- PTEA 44+ **or**
- Password overall Level 6 **or**
- Completion of AE Level 4 with no grades below C

Housing Requirements

- All Pathway students are required to live in university housing for the duration of the program.

Program Notes

- All Pathway students are required to take an English language placement test upon arrival to determine EAP placement. Students in the 4-Semester Pathway program with higher levels of English proficiency can substitute EAP courses for additional university electives.

www.intostudy.com/drew/programs

Length of Pathway Programs

5-Semester Pathway

Our new 5-Semester Pathway program is designed specially for international students who want to start earning credits toward their bachelor's degree at a US university while improving their English skills.

Available in fall, spring and summer semesters, this program offers more focus on English language preparation than our other Pathway programs. Students are able to begin their academic studies with domestic and other international students sooner than what our traditional Academic English plus Pathway programs had allowed.

4-Semester Pathway

Our 4-Semester Pathway program provides an excellent balance of academic and English language preparation. This is ideal for most

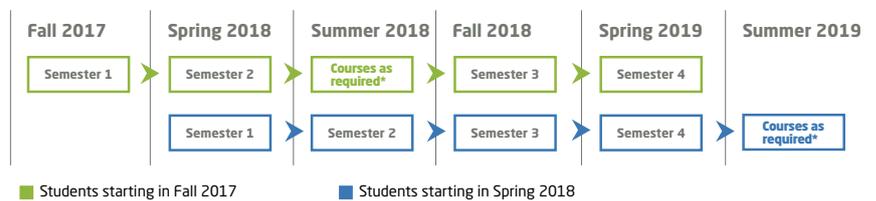

students and has start dates available in fall and spring terms.

Sample Course Schedule

The chart below is a sample course schedule for the first term of the 4-Semester Pathway program. Additional course samples for subsequent terms are on the following pages.

Regardless of your preferred Pathway program, you will receive unparalleled support and our promise that as a successful Pathway student, you will progress to your degree program once you've met our progression requirements. Those requirements are explained in each academic grid on the following pages.

Combined Degree Options

Columbia University

About Columbia University

Columbia University is one of the world's most important centers of research and a distinctive learning environment for undergraduate and graduate students.

Columbia recognizes the importance of its location in New York City and seeks to link its research and teaching to the vast resources of a great metropolis.

Find out more about Columbia University at columbia.edu

Liberal Arts and Engineering Combined Degree

This program leads to an undergraduate liberal arts (BA) degree from Drew and an

undergraduate engineering (BS) degree from Columbia. Students commonly enter the engineering school after their junior or senior year at Drew and complete both degrees in five to six years. Program graduates are "liberally educated engineers," possessing strong communication and problem-solving skills as well as a high quality technical education. If you meet minimum requirements, admission to Columbia is guaranteed.

Find out more about the Drew-Columbia combined degree program at drew.edu/engineering

Key Program Facts

Academic Progression Requirements

- Students must be enrolled full-time at Drew University for at least two years
- Minimum 3.30 GPA overall
- Grade B or better in pre-engineering science and math courses designated by Columbia University; repeat courses will not be considered
- Successful completion of specific prerequisite courses outlined in the curriculum guide
- Completion of all Drew requirements for a major and graduation

English Language Progression Requirements

- TOEFL iBT 100 **or**
- IELTS 7.0 **or**
- SAT 650 (Critical Reasoning or Writing Sections) **or**
- B or better in Drew's English Composition course

Other Progression Requirements

- Recommendation letters from Drew's combined degree liaison office, Math instructor and Science instructor

Seton Hall Law School

About Seton Hall Law

Seton Hall Law is an exciting place to launch a new career. The university is located just 20 minutes from Wall Street, the legal and financial capital of the world. SHLS has achieved national distinction in the areas of health and pharmaceutical law, intellectual property law, public interest and government service, and international and corporate practice.

Find out more about Seton Hall Law at law.shu.edu

Liberal Arts and Law Combined Degree

The Drew University/Seton Hall Law 3+3 program provides streamlined and guaranteed admission to SHLS for qualified students in their junior year at Drew. Students can enroll in our joint degree law program and earn their BA from Drew and law degree (JD) from SHLS in six years instead of the traditional seven that it takes to earn a BA and a JD.

Key Program Facts

Academic Progression Requirements

- Minimum 3.25 GPA cumulative at the end of freshman year at Drew
- Minimum 3.50 GPA cumulative at the end of each subsequent year at Drew
- Complete the entire undergraduate program at Drew University within 4 years
- 3+3 students must earn minimum C- in all courses of the first year of legal study to satisfy the undergraduate requirements for Drew University

Social Standing Progression Requirement

- Students must maintain a "good social standing" while enrolled at Drew University

Other Progression Requirements

- 3+3 students must take the LSAT (Law School Admission Test) by October of the third year of the undergraduate degree program and score in the 77th percentile or higher

Wake Forest University

About Wake Forest University

One of the nation's most respected private schools, Wake Forest University is recognized for its outstanding academic reputation and challenging liberal arts curriculum. Located in Winston-Salem, North Carolina, the university's motto Pro Humanitate (for humanity) reflects similar ideals instilled in Drew University students.

Find out more about Wake Forest University at wfu.edu

Liberal Arts and Master of Arts Management Combined Degree

This program leads to a bachelor's degree from Drew and a master of arts in management from Wake Forest. It is a 10-month graduate business degree designed for recent liberal arts, science and engineering majors. This program excludes business majors and has a 95% rate of job placement after completion with 9 out of 10 international students placed with H1-B work visas in the US.

Key Program Facts

Academic Progression Requirements

- Minimum 3.3 cumulative GPA end of junior year at Drew
- Grade B or better in Mathematics 117 (introductory statistics) or equivalent statistics-based social science or advanced quantitative methods course
- Submission of standardized test score (GRE or GMAT); Test scores will not affect admission, but may impact the scholarship amount awarded

Other Progression Requirements

- A personal interview
- A written letter of recommendation from student or designee affirming student has no honor code violations during tenure at Drew University

Automatic Merit Scholarship Awards

- Scholarships are awarded to high-achieving students automatically.
- \$5,000 scholarship for students accepted into the program. More scholarships automatically received, conditional upon GPA requirements.

Stevens Institute of Technology

About Stevens Institute of Technology

A Stevens education is different. Students are educated by a unique curriculum that blends technical training, teamwork, design projects, internships and cooperative education opportunities. Located in Hoboken, New Jersey, Stevens is an inclusive college campus just minutes from New York City with an incredible view and exceptional access to job opportunities.

Find out more about Stevens Institute of Technology at stevens.edu

Liberal Arts and Master in Software Engineering Combined Degree

This program leads to a bachelor's degree from Drew and a master in software engineering from Stevens. Students will enter Stevens after finishing their four-year bachelor's degree from Drew. Computer science majors can complete the program in five years, while all other majors can complete in five and one-half years.

Key Program Facts

Academic Progression Requirements

- GRE overall minimum score 300, with 155 minimum score on the quantitative portion
- Minimum 3.3 GPA overall
- Meet all graduation requirements for Drew University

To Complete Program in 5 years

- Computer science major at Drew
- Complete two designated master's-level computer science courses while at Drew with minimum 3.3 GPA in each course

Other Progression Requirements

- Positive recommendation letter from designated faculty advisor

Academic English

Program Description

Our Academic English program prepares you for university study in the US. This rigorous program provides international students with high quality English language instruction and the following academic skills to succeed at Drew:

- Writing and grammar
- Listening and speaking
- Reading and vocabulary
- Academic study skills

Program Highlights

- Intensive English to prepare for university study
- Academic advising and coaching throughout the program
- Small classes capped at 16 students
- Highly trained and experienced instructors
- Participation in the Conversation Partners Program
- Compelling electives on a broad range of topics like trips to New York City, where you apply classroom learning in the real world

Program Outcomes

After finishing this intensive program, successful students will be able to:

- Interact comfortably in the US classroom with professors and fellow students
- Understand US values in an academic setting
- Present spoken and written ideas accurately and effectively in English
- Write research papers with proper use of citations and references
- Use the internet and Drew library databases to conduct academic research
- Read, understand and critically evaluate academic texts
- Understand and use vocabulary common to academic disciplines
- Take useful and accurate notes in academic lectures and presentations
- Develop and deliver oral presentations
- Use technology to enhance classroom learning

Key Program Facts

Start Dates

- Fall: August 20, 2017
- Spring: January 10, 2018
- Summer: May 16, 2018

Program Duration

- Fall and Spring semesters are each 16 weeks; Summer is 13 weeks
- 3 terms per year
- Minimum enrollment of one term

Academic Entry Requirement

- High school diploma

English Language Entry Requirement

- None; students will be assessed and placed upon arrival

Age Requirement

- 16 years old and above

Program Structure

- 6 levels of instruction
- Average 20 hours per week for Fall and Spring; average 23 hours per week for Summer
- Course work covering the core skills of reading, writing and grammar, listening and speaking, and reading and vocabulary

Progression Requirements

To 4-Semester 2-Year Pathway

- Completion of Academic English Level 4 with no grades below C.

To Direct Undergraduate Admission

- Completion of Academic English Level 6 with no grades below C.

Housing Requirement

- All students will live in on-campus accommodations and be fully integrated into the residence life community.

Study Abroad with English

Program Description

Study Abroad with English combines English for Academic Purposes with the chance to experience undergraduate courses at Drew University. This program allows students to earn college credits in their field of interest without having to enroll in a long-term degree program. The program can be customized for specific academic interests.

With prior approval from a student's home university, the academic courses studied at Drew can earn credits toward an undergraduate degree in his or her home country. Earned credits also may be applied to a degree program with admission to Drew.

Program Structure

Students will take English for Academic Purposes courses for eight credit hours and two additional academic courses for an additional eight credit hours. SAWE runs for a minimum of one semester and a maximum of one academic year.

Students will study individually selected undergraduate courses at Drew alongside US and other international students and can select courses from a wide variety of subjects in consultation with their academic advisors.

Sample Course Offerings

Course #	Course Title	Credits

Life on Campus

Our beautiful, wooded campus—known as The Forest—is home to a diverse and welcoming community. From table tennis, pool and foosball tables in our student lounges to a professional theatre company on campus, Drew provides everything you need to have fun outside of the classroom.

Student Clubs

At Drew, there is a campus organization for practically every interest, whether it's political, musical, athletic, social or volunteer-oriented. Get involved in student government, sing in one of three a cappella groups, try your hand at journalism on Drew's student newspaper, volunteer for community service or an environmental cause or connect with fellow Anime fans. Not finding a club that's right for you? No problem—you can start one!

Popular student clubs include:

- Chinese Culture Club
- !BOAS: Bridging Our Anthropology Students
- The Fund
- Drew Robotics Club
- The Anime Club

Nuture Your Faith

We are inclusive of the diverse religious traditions represented in our campus community. We strive to promote awareness, understanding and compassion through interreligious learning, fellowship and worship. With many student-run religious clubs such as the Hillel Jewish Student

Association or the Muslim Student Association as well as an interfaith prayer room located at Mead Hall, you will have the religious support and freedom you need to worship.

Healthy Living

Our health center takes pride in providing excellent health care for our students through our nationally accredited health services. We believe maintaining good health is essential to your academic success. Our easily accessible services are designed to minimize the impact of illness, injury and emotional distress on your academic career.

Our staff of physicians, nurse practitioners and registered nurses offers a broad scope of primary care services including treatment for common illnesses, physical examinations, laboratory services, vaccinations and preventive medicine services.

Public Safety

Patrol officers and dispatchers provide 24-hour service to the Drew community, including crime prevention, fire safety, traffic regulations, and enforcement of university regulation and state laws. Professionally trained officers routinely patrol the campus and are certified in advanced lifesaving techniques and emergency medical response.

Shakespeare Theatre of New Jersey

The Shakespeare Theatre of New Jersey is one of the 25 professional theatres in the state and one of the leading Shakespeare theatres in the nation. The company employs more than 250 members during the season and through its various Main Stage, Outdoor Stage and touring productions, play to approximately 100,000 audience members each year.

Located directly on campus, students have access to the theatre for entertaining and cost-effective shows along with internship opportunities.

We Are Wireless

Wireless networking covers nearly all academic and public spaces, as well as outdoor locations and residence halls. Ethernet connections are available in residential, academic and social spaces throughout campus. Students can access Drew network resources while off campus through their own ISP and remote access technologies.

Sports and Recreation

The Drew experience is yours to define. There are endless opportunities to discover new interests and make friends through student-run clubs, social activities and events on campus.

Club and Intramural Sports

Drew offers a variety of club and intramural sports including squash, volleyball, rugby and ultimate frisbee. Students learn the importance of teamwork, leadership and perseverance by participating in sports. Additionally, it's a great way to stay healthy and make friends. Clubs or intramural sports teams include:

- Basketball
- Dance
- Outdoor Recreation
- Rugby Football
- Soccer
- Volleyball

NCAA Division III Athletics

Drew is a NCAA Division III school, meaning that academics are the primary focus for our student-athletes. We see athletics as an extension of the educational experience and the achievements of our student-athletes demonstrate this belief. The men's and women's swimming and diving teams earned the College Swimming Coaches Association of America Team Scholar All-America Award for 10 consecutive semesters.

Men's Teams

- Baseball
- Basketball
- Cross Country
- Fencing
- Golf
- Lacrosse
- Soccer
- Swimming
- Tennis

Women's Teams

- Basketball
- Cross Country
- Equestrian
- Fencing
- Golf
- Field Hockey
- Lacrosse
- Soccer
- Softball
- Swimming
- Tennis

Simon Forum and Athletic Center

The Simon Forum and Athletic Center contains a 200-meter indoor track and four indoor basketball/volleyball/tennis courts. The Athletic Center includes the NCAA regulation-size, eight lane, F.M. Kirby Pool, the NCAA-regulation Baldwin Gymnasium basketball court, racquetball and squash courts, a fitness room with weight training and cardiovascular conditioning machines, free-weight room and dance studios.

Just beyond the athletic center are Drew's outdoor facilities including: eight lighted outdoor tennis courts, home to Drew's Landmark Conference champion tennis team; Doc Young Field, with its baseball and softball diamonds; Ranger Stadium and lighted polygrass field for soccer, lacrosse and field hockey; and the equestrian team's off-campus stable.

Housing and Dining

Living on campus is one of the best ways to meet new people, adjust to US life and succeed in your studies. With support services and staff, recreational facilities and dining options just steps away, Drew's close-knit community makes the perfect home away from home.

Academic Success

Did you know that students living on campus achieve higher grade point averages than students who live off campus? At Drew, the average undergraduate GPA is 3.07 and 87% of students choose to live on campus all four years.

Connections

Residence halls are a place to meet your best friend, or your 20 best friends. They are a place to meet like-minded people in one of our theme houses such as Earth House, Women's Concerns or I-House, Drew's new internationally-focused residence hall. They are a place to participate in a living-learning community where you are right next door to other students taking the same class as you.

Diversity

Each residence hall is a diverse, multicultural community with students from different backgrounds, beliefs and orientations. No matter where you come from or where you are going, you will find someone to learn from and someone to share your culture with.

Guidance and Support

Resident assistants are available 24 hours a day to help guide you, both socially and academically. The resident life staff is committed to providing a comfortable, safe and friendly environment for you to pursue your academic goals. With an INTO student services staff member living in the dorms you have a friend you can go to anytime.

Residence Hall Features

- Convenient on-campus locations close to classrooms, libraries, athletic center and dining
- Live-in student staff to assist residents 24 hours per day
- Securely locked exterior doors
- Wireless high-speed internet
- Lounges with televisions and games such as billiards and table tennis
- Study lounges
- Laundry facilities

Items Provided in Each Room

- Bed with extra-long twin mattress
- Linen package including sheets, pillows, pillowcases and blankets
- Blinds or window coverings
- Desk and chair
- Closet or wardrobe space
- Television cable connection
- Ethernet port access
- Trash and recycling bins

Benefits of On-campus Dining

- No need to cook, wash dishes or shop for groceries
- All-you-care-to-eat meals, including make-your-own waffles and panini sandwiches, vegan and vegetarian options, a variety of American entrées, ethnically inspired foods and many other exciting, chef-created food choices
- No need to carry cash; meal plans are paid with student ID card
- Variety and flexibility: on-campus dining is available from 7:30 am-10 pm

The Commons

Opened in August 2016, the Commons is the main dining option for Drew students. Features all-you-can-eat style dining with a wide range of food including rice bowls, a stir-fry station and options for halal and kosher eating. During mild weather, you can enjoy meals on an outdoor deck which overlooks the scenic forested center of campus.

The Elinger Center Food Court

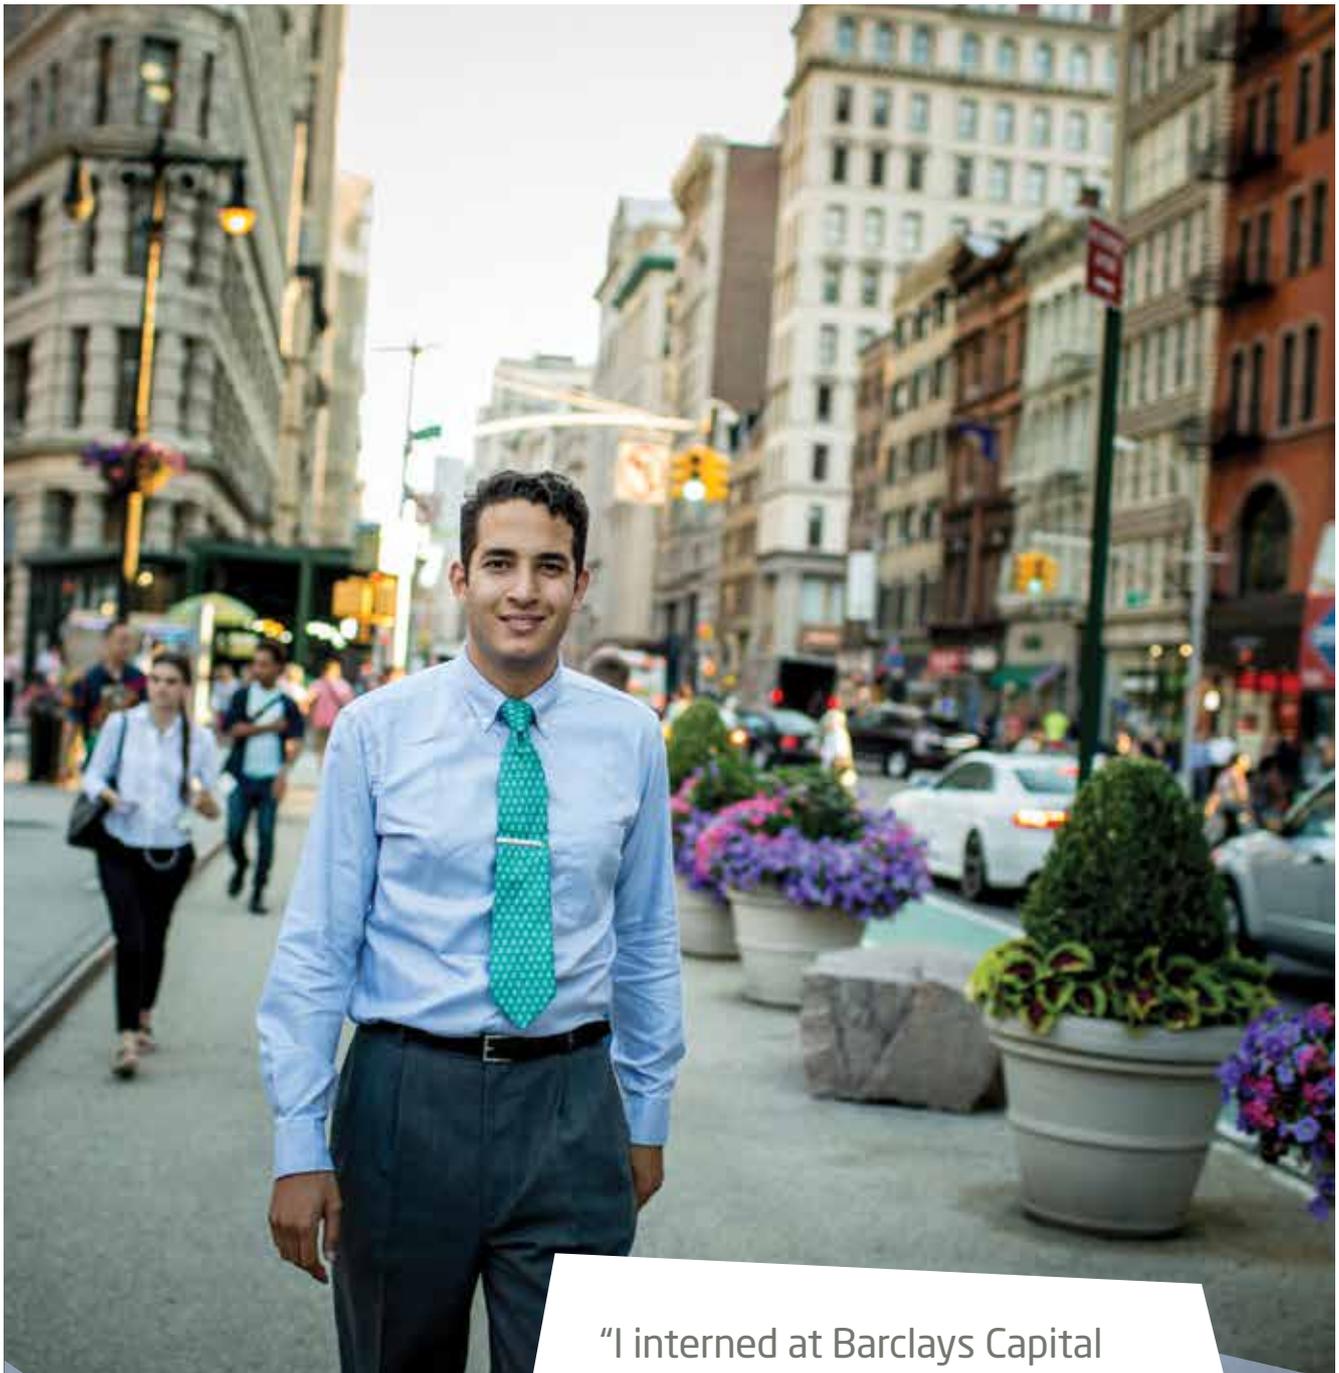

Grab a Starbucks coffee and settle in by one of the fireplaces. The new food court offers a variety of options, including burgers, sushi, pizza and salads. If you are in a rush, you can choose grab-and-go foods on your way from your room to class.

Java City at Brothers College

Located in the main academic building, Java City offers premium coffee and teas, sandwiches and snacks. This cozy coffee house provides a place to catch up on homework or with your friends between classes.

McLendon Hall C-Store

The C-Store, located in one of the residence halls in the Forest Preserve, is a convenience store featuring a large selection of snacks, beverages and health and beauty items.

"I interned at Barclays Capital and then at Credit Suisse, two of the top international banks in New York City. These internships prepared me for the future."

Aaron Ventosa, Mexico

Economics and Philosophy Double Major, Class of 2014
Business Analyst, Deloitte Consulting

Work and Internships

Students who study with INTO Drew not only excel in their education, but go on to establish successful careers. That is why in the 2016 graduating class, 60% of Drew students had at least one internship before they graduated.

Career Development Services

The Center for Internships and Career Development at Drew helps students navigate their way through the career decision-making process. From the first semester to the last, and beyond, students can get help with career counseling, résumé writing and interviewing skills.

Internships

The majority of Drew students participate in at least one academic internship, enabling them to put classroom theory into practice and get hands-on experience in their field. Drew students not only have access to a wide range of internship opportunities in New York City, but also at countless Fortune 500 corporate headquarters and biomedical companies located nearby in New Jersey.

Work Opportunities

International students on either F-1 or J-1 student visas are allowed to work on campus on a part-time basis (20 hours/week or less) during spring, fall and summer, as long as they maintain their visa status.

For details, visit: drew.edu/career

Drew Summer Science Institute

The DSSI pairs you with faculty mentors for an intensive, personal experience working full time on a research project. Each summer, approximately 15 students participate in this six-week program, which provides opportunities to pursue real-world scientific questions and establish professional relationships with faculty at research universities and local industries. Each student receives on-campus housing, a budget for laboratory supplies and a weekly stipend throughout the duration of the program.

Morristown Medical Center

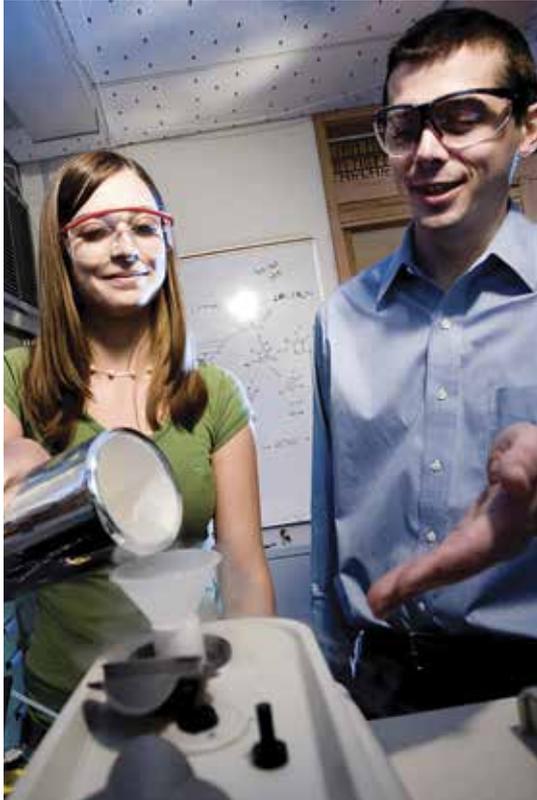

Our mentor program with nearby Morristown Medical Center is a work-study semester that allows students to shadow emergency room physicians. You will witness first-hand what it takes to be a doctor and gain valuable experience before applying to a medical program.

Working after Graduation

Depending on your visa, you may be eligible for Optional Practical Training or Academic Training. International students on F-1 visas are eligible to apply to US Immigration for one year of work authorization within their field of study. Students in STEM fields can apply for up to an additional 24-month extension of work authorization with qualified employers after their initial 12-month OPT period, allowing you to work in the US for up to three years on your F-1 student visa. J-1 students may apply for a period of Academic Training related to their program of study to take advantage of employment opportunities after graduation.

▼ Professor Ryan Hinrichs, PhD Cornell University, mentoring a student in the lab

Paths to the World

Technology and globalization is changing the face of business and employment. New jobs and industries are emerging every day. Drew's liberal arts education equips you with knowledge and skills, theory and practical experience for any career—even those that do not yet exist.

Top-ranked Graduate Schools

Drew graduates (2013-15) have gone on to study at these top-ranked graduate schools:

- Boston University
- Brown University
- Carnegie Mellon University
- Columbia University
- Duke University
- George Washington University
- Harvard University
- Johns Hopkins University
- Lehigh University

Big-name Employers

Employers choose Drew graduates (2013-15) because of the skills they develop during their liberal arts studies. Students have gone on to work for the following companies:

- Americorps
- Aon Hewitt
- BASF
- Bloomberg
- Christie's
- Coca-Cola
- Deloitte
- Ericsson
- Ernst & Young
- Fidelity Investments
- Google
- ING
- Lincoln Center
- Memorial Sloan Kettering Cancer Center
- Merrill Lynch
- Morgan Stanley
- Mount Sinai Hospital
- New York Life
- Novartis
- Pfizer
- Prudential Financial
- Ralph Lauren
- Samsung
- Smithsonian Institute
- Sony Music
- TD Bank
- Teach for America
- Time Warner Cable
- UBS
- Wells Fargo Advisors

“Drew graduates have the dual experience of a small classroom environment, where they cannot just blend into the crowd, and the opportunity to gain real-world experience with New York City internships. This combination makes Drew graduates an attractive hire for my or any other company.”

Ed Moed

Drew University, Class of 1989
Co-founder and CEO of Peppercomm

Alumni and Parents

Drew's mission is to graduate students who are prepared to participate in and contribute to our world as informed and thoughtful citizens. Meet a few alumni who found their passion and voice at Drew and went on to change the world.

Alumni

Awang Adek Hussin '77 **Malaysian Ambassador to the US**

Awang Adek Hussin graduated from Drew with a BA in mathematics and economics and then earned his MA and PhD in economics from the University of Pennsylvania. In March 2014, he was named Malaysia's ambassador to the US, where he focuses on building better economic and business ties between both countries. In a recent visit back to Drew University the ambassador said, "I hope more Malaysian students come to Drew. It's a great university. You will never regret it. If you have any problems, you come visit me personally in Kuala Lumpur."

Robert Kopech '73 **VP and Chief Risk Officer, World Bank**

Robert Kopech graduated in Russian Studies from Drew and earned his MBA and MIA from Columbia University. Over the course of a 35-year career in the financial world, Robert focused on emerging markets around the globe. So he was well suited to accept a position in June 2011 as the first chief risk officer at the World Bank, where he oversaw the multitude of risks associated with the bank's extensive worldwide investments.

Andrew Sedgwick '85 **General Manager, Apple**

Andrew Sedgwick came to Drew a self-confessed tough guy know-it-all. But at Drew as a double major in economics and music "they taught me how to convert that into business rationale." Sedgwick landed a job at Apple, where he spent a nearly 10-year assignment heading business in Korea, launching multiple product lines including the iPhone and iPad.

Vanessa Van Brunt '92 **Head of US Prime Broker and Alternative Sales, BlackRock**

Vanessa Van Brunt has a unique background for the financial space, having served as a police officer and detective in New Jersey for 10 years prior to getting her undergraduate degree at Drew and MBA from Rutgers University. She currently sits on the Drew Alumni Association Board as participation committee co-chair. "The academic environment at Drew thrives when alumni actively participate and share their life and career experiences with students and faculty."

Kevin Murphy '89 **Television and Broadway Producer**

His parents wanted him to make a good living, but the theater was calling. So Kevin Murphy compromised, double-majoring in political science and theatre arts. His successful showbiz career—fueled by creative collaborations with Drew classmates—has allowed him to lead hit shows like "Desperate Housewives" and Syfy's "Caprica" and a recent Broadway musical adaptation of "Heathers." Behind the scenes Kevin's projects require crafting arguments, motivating teams and managing resources—skills honed in both the classroom and the theater.

Sanjay Mirchandani '86 **Chief Operating Officer Global Centers of Excellence, EMC Corporation**

When Sanjay Mirchandani came to the US from his home in India to attend Drew University, it was his first overseas experience. "I immediately felt like I belonged," he says.

Mirchandani studied math and computer science at Drew and started his career developing new technology. "The best opportunities in life are not always defined," says Mirchandani. "Go with it and see where it takes you."

Christopher Smith '91 **Global Head of Operations and Senior VP, MetLife**

Christopher Smith received his BA in economics from Drew University before getting his MBA at Rutgers University. Smith leads more than 11,500 associates and is responsible for the transformation of MetLife's operations into a global organization to create a differentiated customer experience, simplify how they operate and leverage our scale. Smith continues to be involved with Drew sitting on the Board of Trustees for the University.

Parents

Sending your son or daughter to college—especially in another country—is a big step. Thankfully, Drew University is a safe and supportive campus that encourages young adults to learn and grow. Drew is a small, close-knit community where students and faculty know one another by name. The campus is surrounded by a quiet, residential neighborhood. Our professionally trained Public Safety Officers provide 24-hour service, including emergency response.

Drew offers an orientation day to familiarize parents and family members with the campus community. Typically parent and family sessions explore a variety of topics including campus services, academics, disability services, college life and more.

To schedule a tour, visit: drew.edu/undergraduate/admissions/visits-events

For more information, visit: drew.edu/parents

The best evidence that Drew University prepares graduates who are both well-educated and well-prepared: student outcomes.

93% of 2015 Drew graduates are employed in rewarding careers or enrolled in the nation's best graduate, law and medical schools within six months of graduation.

INTO Giving: Get involved today

We're delighted that you have chosen INTO Drew University and look forward to seeing you develop new friendships and your employability grow.

More and more, employers will look not only at your academic achievements, but also at who you are as a person. Being involved with a charity is a great way to show employers that you know how to be a part of or even lead a team, that you're prepared to take on new challenges and that you have a strong heart.

It's also a great way to meet new people, have fun and make friends.

As part of our commitment toward education, INTO supports INTO Giving, a charity that improves access to and the quality of education for some of the world's poorest children. When these children go to school and learn they, like you, are empowered to transform their lives and their community.

Donating an amount of your own choice to INTO Giving is a great way to begin your INTO experience. Your donation, whatever the amount, will transform children's lives.

For more information on how you can get involved with INTO Giving, please visit www.into-giving.com

Country Scales - Undergraduate Pathway

Country	Drew Undergraduate Pathway
GCSE/IGCSE	5 subjects, 3 grades C or better, 2 grades D or better. Subjects must include: mathematics, English, social science and science
GCSE/IGCSE A-Levels	Must have 2 A level grades. 1 C or better, and 1 D or better
IB Diploma	24, or Average grades of 4 or higher, if by individual grades
Azerbaijan	Orta Təhsil Haqqında Şəhadətnamə with minimum 3.5 out of 5 or 65%
Bahrain	Tawjihiya with minimum 55%
Bangladesh	Higher Secondary Certificate with minimum 3.5 out of 5 or 50%
Brazil	Certificado de Conclusão de Ensino Médio with minimum 6.5 out of 10 or 65.5%
Cameroon	See GCE O-levels and A-levels or Upper Secondary with Baccalauréat with minimum 12 out of 20
China	Senior High School Graduation/Completion minimum 65% (4 point scale), 75% (5 point scale), 115% out of 150%, or 2.5 (4.0 point scale)
Colombia	Bachillerato Académico with minimum 75% or 7 out of 10
France	Baccalauréat de l'enseignement du second with minimum 11 out of 20
Gambia	WAEC with 5 subjects passed, no grade below C6, and minimum 2 Cs
Georgia	Sashualo Ganatlebis Atestasi or Sashualo Skolis Atestati with 6.5 out of 10, 4.5 out of 7, or 2.5 out of 4.0
Germany	Zeugnis der Allgemeinen Hochschulreife (Abitur) or Zeugnis der Fachhochschulreife with minimum 3 out of 6
Hong Kong	HKSE with minimum pass of 5 academic subjects, minimum grade of level 2
India	Higher Secondary Certificate or the Standard 12 with minimum of 50%, C1 (CBSE), or 5 out of 9 (CISCE)
Indonesia	SMA/STTB with minimum 6.5 out of 10
Iran	Diplom Metevasheteh with minimum 12.5 out of 20
Italy	Diploma di Licenza Linguistica with minimum 7 out of 10 or Diploma di Maturita Classica with minimum 75 out of 100
Japan	Kōtō Gakkō Sotsugyō Shōmei-sho with minimum 3.5 out of 5.0
Kazakhstan	Senior secondary education with Attestat with minimum 3.5 out of 5.0
Kenya	KCSE with minimum 7 out of 12
Kuwait	Shahadat-al-thanawia-al-a'ama with minimum 75%
Kyrgyzstan	Certificate of Completed Secondary Education earning an Attestat o Srednem Obrazovanii with minimum 3.5 out of 5.0
Libya	General or Specialized secondary school with Secondary Education Certificate with minimum 180 out of 260 (Literary) or 230 out of 330 (Science)
Macau	Higher Secondary (Form 5/Senior Two or Form 6/Senior Three) with minimum 65% plus A levels (for English education system)
Malaysia	SPM with minimum 5.0 out of 9; average 8 on 18 point scale, or STPM 2.5 on 4.0 scale
Mexico	Diploma/Certificado with minimum 75%
Mongolia	School-leaving certificate with minimum 3.5 out of 5.0
Myanmar	Higher secondary with 45%, 420 out of 600, or 3.5 out of 5.0
Nepal	Higher secondary certificate with 73-74 (high C) out of 100
Nigeria	WAEC with 5 subjects passed with at least 3 grades of 6/C or better and 3 grades 7/D or better (English, Math, SS, Science)
Qatar	Al-Thanawaya Al-Amah with minimum 62%
Russia	Certificate of Complete Secondary Education with minimum 3.5 out of 5.0
South Korea	High School with minimum 75% or ranking 5 out of 9
Saudi Arabia	Tawjihiyah with minimum 75%
Singapore	See GCE O-levels and A-levels
South Africa	NSC with minimum 55%
Spain	Titulo de Bachillerato with minimum 5.5 out of 10
Sweden	Avgångsbetyg/Slutbetyg with minimum C on A-F scale
Taiwan	Senior high school leaving certificate with minimum 65%
Tanzania	See GCE O-levels or ACSE with minimum E
Thailand	Maw 6 (M6) and the Certificate of Secondary Education with minimum 2.5 out of 4 or 65%
Turkey	Lise Diploması with minimum 60% or 3.5 out of 5
United Arab Emirates	Tawjihiyya with minimum 75%
Ukraine	Upper secondary with minimum 6.5 out of 12 or 3.5 out of 5
Uzbekistan	Diploma of Specialised Secondary Education (Orta Ma'lumot To'g'risida Shahodatnoma) with minimum 70% or 3.5 out of 5
Venezuela	Título de Bachiller ("en" track taken) and Certificación de Calificaciones with minimum 12 out of 20
Vietnam	Upper secondary with minimum 6.5 out of 10
Zimbabwe	Form 4 with Zimbabwe Certificate of Secondary Education at O-level with minimum C or Form 5&6 with minimum D and no E grades

This guide is used for evaluation purposes by the Drew University Office of Admissions and is supplied here for reference only. Meeting the requirements listed here does not necessarily indicate that a student will qualify for admission to Drew University or INTO Drew University.

When referring to the following guides, be aware that this is not inclusive of all grading requirements. Grading systems and educational structures vary widely around the world and we evaluate each application individually to determine if the applicant meets the standards for success at Drew University.

Please also be aware that requirements by country are updated and adjusted appropriately throughout an academic year and might not be current in this brochure.
