

Undergraduate Pathway in Science

About the program:

An INTO Saint Louis University Undergraduate Pathway in Science will prepare you to enter a bachelor's degree program at Saint Louis University in either the College of Arts and Sciences or in the Doisy College of Health Sciences.

Students who successfully complete the science Pathway program can progress to the following degree programs:

College of Arts and Sciences

- Biochemistry
- Biology
- Chemistry
- Environmental Science

- Forensic Science
- Geology
- Geophysics
- Meteorology
- Neuroscience

Doisy College of Health Sciences

- Athletic Training
- Investigative and Medical Sciences
- Magnetic Resonance Imaging (accepts a limited number of students)
- Medical Laboratory Science
- Nuclear Medicine Technology (accepts a limited number of students)
- Nutrition and Dietetics
- Radiation Therapy (accepts a limited number of students)

About the College of Arts and Sciences

The College of Arts and Sciences, founded in 1818, is the oldest college at SLU. The college is a home for study, self-inquiry, research, and career exploration. These programs create an intellectual, caring, close-knit community that emphasizes student and faculty commitment to research, service, and outreach.

About Doisy College of Health Sciences

The Doisy College of Health Sciences has provided students with the tools and education to become well-prepared health care professionals since 1929.

Saint Louis University's Doisy College offers many opportunities for hands-on experience through clinical education. Modern features of the school include a gait lab, culinary lab, diagnostic lab, simulated medical office suite and exam rooms, radiation therapy simulation lab and media labs for students to gain practical experience and develop research.
