# ABOUT UCEDA SCHOOL

## Mission

UCEDA School's mission is to provide English language programs and services to international and local students. Our main goal is to equip students with English language skills. UCEDA School achieves its mission through the implementation of the curriculum and student services.

## History and Philosophy

UCEDA School was founded to bring cultures together and to help individuals expand their horizons through improving their English language skills. In 1988, knowing that there was a strong need in their community for immigrants and international students to have a way to connect and develop these language skills, Juan J. Uceda, Charo Uceda and Doris Uceda founded UCEDA School. Since its inception, our organization has striven to provide every UCEDA student with effective English instruction, a taste of the American experience and the opportunity to immerse themselves as deeply as they choose to in the cultural perspectives of the English-speaking world.

UCEDA School encourages students to find their own personal way into the English language and the culture of the USA. We have a long list of happy graduates who began their studies at UCEDA School and have gone on to pursue degrees at recognized universities and colleges, in many cases expanding their careers with the knowledge and contacts they developed at our schools.

The staff at UCEDA School is selected by executive directors and the Uceda family based on their ability to offer the students a quality classroom experience, insights into their community and region, and understanding and help with individual needs. We know that in this fast-moving time, our students must somehow manage to develop their English skills, get connected with the resources of our major metropolitan areas, engage with others in their fields of interest and really become active citizen-participants of the global community in order to truly get ahead. We want our students to take advantage of everything the modern world has to offer, and nothing provides the UCEDA School family with more satisfaction than to see our students grow and gain access to new opportunities as they utilize the language skills nurtured at our schools.

With this commitment to the development of each student and the quality of the services provided, UCEDA School has grown into one of the largest private ESL school chains in the United States with schools located throughout the east coast of the U.S. in northern New Jersey, Pennsylvania, Florida and also in Nevada. We are adding more schools every year. We welcome students from all over the world - Europe, Asia, Latin America and Africa - to come learn together and partake in the American experience with us.

**“I learn English better and faster at UCEDA SCHOOL because teachers use technology in classes”**

**Santos, Renata – Sao Paulo, Brazil**

# WHY UCEDA SCHOOL

## 1. Leading ESL School since 1988:

UCEDA School's expansion to many locations is evidence of its great achievement. Uceda School is one of the largest private English language school chains in the United States with more than 13 locations.

## 2. UCEDA School's ESL Programs are Accredited\*:

Our Intensive English Program (IEP) and ESL programs are accredited by the Commission on English Language Accreditation (CEA). CEA is recognized and authorized by the U.S. Secretary of Education to accredit English Language Programs in the USA. CEA endorses the high quality of UCEDA School's ESL program. For more information about UCEDA School's accredited status, please visit [www.cea-accredit.org](http://www.cea-accredit.org).

## 3. Affordable Tuition Fees & Flexible Schedules:

UCEDA School offers high quality education & services for affordable prices. Our students receive a great value for the price they are paying in tuition costs. As our classes run mornings or evenings, Monday through Thursday. We offer flexible schedules. And through our open enrollment system, students can be admitted and start their studies any week in the year.

## 4. Curriculum, Textbooks & Materials:

UCEDA School's academic department uses the latest and most updated ESL materials from Cambridge University Press, whose textbooks offer a trusted and proven English teaching methodology. All the testing materials including the placement tests are validated to ensure every student's effective evaluation and correct placement in our program. The textbooks come with self-study DVD-ROMs including video and skills practice for students. Moreover, UCEDA School has officially partnered with Cambridge University Press, which offers UCEDA School teachers the benefit of direct training and professional development activities.

## 5. Diploma - Certificate of Completion:

Upon finishing a proficiency tier or level, UCEDA School students receive a Certificate of American English attesting to their successful completion of our Basic, Intermediate or Advanced American English courses. Our students can use these official certificates for work or academic purposes in their home countries and/or in the USA.

\*Accredited status may vary per location.

## 6. Test Preparation & College Counseling:

UCEDA School's qualified and experienced teachers prepare students for the TOEFL iBT and IELTS test which is necessary in order to be admitted to American colleges or universities. Many of our students have achieved high TOEFL iBT and IELTS scores and moved on to study at American colleges and universities. In addition, our teachers and academic coordinators offer our students guidance and support in both their search for college degree programs and their application process as needed.

## 7. School Locations & Student Activities:

UCEDA School has great locations allowing students to not only study English, but also experience American culture to the fullest. The locations are near famous cities such as New York City, Las Vegas, Miami, etc. and popular attractions such as Disney World, Universal Studios, Miami Beach, etc. In addition, each school offers fun activities and excursions giving students the opportunity to make friends from all over the world, have fun and practice their English skills.

## 8. Technology Integration in ESL Classes:

UCEDA School strongly believes that technology should be integrated into the ESL classroom which is why we invest in computers, computer labs, projectors, cutting-edge software, tablets, and smartboards. Teachers at UCEDA use the latest technological tools for their lessons to improve the learning experience for our students. For example, students use the smartboard to make interactive presentations on various topics in class. This not only improves our students' English language skills, but also develops their presentation skills for future work and professional situations.

## 9. Excellent Customer & Student Services:

UCEDA School's trained staff makes sure that all prospective students are clearly informed about the comprehensive nature of our program before their arrival in the USA. In addition, our staff will help and guide them with their F-1 visa application process every step of the way until they have safely arrived in the United States. We will even pick our students up from the airport if needed.

Upon their arrival at the school, new students are personally welcomed by UCEDA School staff and provided with detailed information about our program through orientation meetings to make sure they understand everything related to their studies and their new lives in the United States. In addition, academic and personal advising is available to our students at all times during their studies.

# OUR ACADEMIC APPROACH

Language is a creative and constantly evolving tool for communication and we believe it is best acquired through a comprehensive approach focusing on forms, dynamic activities, technology integration, and ample student practice time. We aim to help every single UCEDA student make progress during their stay – whether it is for just a couple of weeks or for several months. To help accomplish this we offer:

## Certified & Experienced Teachers:

All UCEDA School teachers are professionals who have college degrees and are certified in TESOL (Teaching English to students of other Languages). In addition, they have extensive experience teaching English to students in a classroom setting. Our teachers' main goal is their students' success and achievement.

## Student Reports:

UCEDA School has an online system that lets students track their progress throughout their stay. In order to access their accounts, students merely need to use their personal email and a password provided by the school.

## Innovative Method:

All our teachers plan student-centered and fast paced interactive lessons to ensure that students are motivated to learn.

In conjunction with this, UCEDA School's gentle but firm English Only policy does more than help our teachers build a student's confidence in his or her ability to ask questions about the lesson in English. It also helps our students participate in laying the groundwork for their own fluency in all four aspects of the target language: listening, speaking, reading, and writing.

## Modern Facilities and Customized Software for Our Instructional Materials:

At UCEDA School, we are committed to offering the latest learning facilities to help our students enjoy their lessons and make progress. All our locations offer free Wi-Fi and have interactive whiteboards in most or all classrooms.

## Regular Individual Feedback and Testing:

Students are evaluated weekly and at the end of the term they take an in-class progress test and have a one-to-one feedback meeting with their teacher. These first two metrics allow teachers to carefully monitor each student's progress and provide feedback tailored to each learner's unique needs.

At the end of each level students have the option of taking an End of Tier Test and getting a certificate as long as they have fulfilled the level's requirements.

# TEST PREPARATION

## IELTS, FCE/CAE and TOEFL

We offer exam preparation courses designed to help students use their language ability to get the best possible grade in their chosen exam. In these courses students learn how the exams work and what the examiners will be looking for, and get plenty of practice answering the types of questions they will see on the exam. After one of our exam preparation courses students are ready to tackle the exam with complete confidence. These courses are relatively short, but very intensive and therefore highly effective.

## CAMBRIDGE EXAMS

Cambridge English exams are accepted by over 15,000 universities, employers and governments around the world.

## FCE

A Cambridge English: First (FCE) qualification proves you have the language skills to live and work independently in an English-speaking country or study courses taught in English.

## CAE

More than 6,000 educational institutions, businesses and government departments around the world accept Cambridge English: Advanced (CAE) as proof of high-level achievement in learning English.

Preparing for Cambridge English: Advanced helps learners develop the skills to make the most of studying, working and living in English-speaking countries.

## IELTS

IELTS is accepted as evidence of English language proficiency by over 9,000 organizations worldwide. IELTS is recognized as a secure, valid and reliable indicator of true-to-life ability to communicate in English for education, immigration and professional accreditation.

# HOUSING

UCEDA SCHOOL offers housing placement assistance to students who need help finding a place to live while studying in the U.S. We will help you find the most suitable housing options based on your needs and preferences, whether you choose to live alone, with a roommate, or with an American family. Simply fill out the form which is available on our website and we will contact you and help you complete the housing search and placement process from start to finish. Please be aware that our housing options are based on availability at the time of your application.

In addition, UCEDA SCHOOL can arrange airport pick-up from any of the main airports near our school locations. We will pick you up when you arrive and drive you to your new home in America.

## HOMESTAY

Experience maximum cultural exchange by living with welcoming hosts in a private home. Gain insight into local culture, pick up expressions with greater ease and return home with a more authentic accent.

Enjoy breakfast and dinner with your hosts on weekdays, and all meals on the weekend.

UCEDA SCHOOL Homestays are typically in residential neighborhoods throughout the city, conveniently located near public transportation.

Homestay hosts are carefully selected and we connect with them regularly to ensure their home is suitable and our students are happy. Many UCEDA Homestay Hosts have been welcoming our students for years.

## SHARED HOUSING

Shared housing is a great alternative for students looking for a more personal and less expensive experience. Live in a UCEDA-selected apartment with easy access to your course center via public transportation. You'll get to know fellow UCEDA classmates by sharing daily life with them – shopping for food, making your own meals and keeping the place tidy. All UCEDA Apartments feature a communal bathroom, kitchen and living room. Many UCEDA buildings boast on-site amenities like laundry rooms and pools.

## RESIDENCES

Residences are ideal for students looking for a more social atmosphere where they can interact with other students and vacationers.

Live in the heart of your destination city alongside UCEDA students from all over the world. Enjoy easy access to your school by public transportation – as well as the city's shopping, restaurants and sport facilities. Residences vary, but often offer Wi-Fi internet access, meal plans and more.
